Marine Science and Fun Afloat!

Students, Parents and Teachers love our hands-on maritime adventure at **MARINE DISCOVERY TOURS!**
Cruise Company for the Oregon Coast Aquarium

N.A.M.E.
 AWARD
 WINNER-
 "OUTSTANDING ORGANIZATION"
 ~THANK YOU!

2-hour Sea Life Cruise: ¾ *Ocean, ¼ Estuary

- ~ **Safety talk and life jacket demonstration**
- ~ **SEA LIFE Search** – Look for California Sea lions, harbor seals, harbor porpoise, gray whales, and sea birds!
- ~ **Crab Pot Activity** - Experience the thrill of hauling in crab pots and the excitement of learning to safely handle crab as we study this popular resident of the estuary.
- ~ **Plankton Tow** - Collect tiny plants and animals from the estuary. View the "catch" on the monitors inside the cabin using the on-board video microscopy.
- ~ **Navigation Technology** - Visit the wheel-house and learn about the equipment used to navigate the boat. Satellite and radar technology is featured, including a GPS (global positioning system) and computer link. Students can "get behind the wheel" and help steer the DISCOVERY!
- ~ **Harbor Tour** – Explore maritime industry while viewing Oregon's largest coastal port—from the commercial fishing fleet & fish processing plants to our Coast Guard station.
 * Ocean Route based on safety & comfort; Estuary re-route, if needed.

PROGRAMS
 DELIVERED BY
 NATURALISTS-
 LOTS OF HIGH
 FIVES!

SUMMER
 CAMPS &
 SCOUTING
 GROUPS!

2-hour Explorer Cruise: ¾ Estuary, ¼ *Ocean

- ~ **Safety talk and life jacket demonstration**
- ~ **BOTTOM TRAWL** activity! Tow a net along the bottom of the estuary. Learn about the different types of fish and invertebrates—including crab, fish, shrimp, and more - that call the estuary "home" as your students identify and sort the catch.
- ~ **Plankton Tow** - Collect tiny plants and animals from the estuary. View the "catch" on the monitors inside the cabin using the on-board video microscopy.
- ~ **Navigation Technology** - Visit the wheel-house and learn about the equipment used to navigate the boat. Satellite and radar technology is featured, including a GPS (global positioning system) and computer link. Students can "get behind the wheel" and help steer the DISCOVERY!
- ~ **Harbor Tour** – Explore maritime industry while viewing Oregon's largest coastal port—from the commercial fishing fleet & fish processing plants to our Coast Guard station.
- ~ **Sea Life Search** – Look for California Sea lions, harbor seals, harbor porpoise, gray whales, and sea birds!
